WINTER 2021 PLEASANT HILL ROOSTERS & CHICKS SPECTATOR GUIDELINES FOR ATHLETIC/ACTIVITY EVENTS DURING COVID PANDEMIC

Due to the ongoing Covid-19 pandemic, the Pleasant Hill School District has developed the following guidelines/restrictions as an effort to prolong the winter sports season and to keep our students, coaches, officials and fans safe at our sporting and activity events. The guidelines/restrictions have been established to adhere to the recommendations of the Cass County Health Department and the CDC, limiting large gatherings to a maximum of **250 people** per venue.

All spectators will be required to adhere to CDC recommendations in regards to social distancing (6 feet) and wearing masks when social distancing isn't possible. (Any portion of this plan is subject to change at a moment's notice. Please be patient with us!)

Acknowledgment of Infection Risks: The risk of coronavirus transmission will still be present to some degree through the 2020-2021 school year. Students and their families, along with school personnel must recognize these risks and implement best practices to reasonably mitigate them. Participation in school activities is voluntary and every family will need to evaluate the risk versus the benefits of activity participation. Those immuno-compromised students and staff, or those who live with family members with elevated health concerns, should evaluate associated risks of participation and may choose not to participate. The primary means of coronavirus transmission is through respiratory droplets and potentially aerosolized. Risk mitigation strategies should be aimed at reducing the likelihood of a person’s respiratory droplets coming into contact with another person. Every school is different and every activity is different. Certain mitigation strategies may be feasible in one school or for one activity, but not another.
